STEPS FROM JUDKINS LIGHT RAIL STATION

The Judkins Park Light Rail Station is set to open in 2025 and will be the first East Link station after exiting the Downtown Seattle Transit Tunnel, heading toward Bellevue across Lake Washington. Its west entrance will be located on Rainier Avenue South.

The station will be positioned between two new RapidRide lines, including one on Rainier Avenue South starting in 2025, making it a key transfer point for riders from the Rainier Valley and Central Area traveling to the Eastside or downtown.

Seattle is also investing \$4.2 million in transportation improvements along Rainier Avenue South, including dedicated bus lanes, enhanced pedestrian crossings, upgraded signage and signals, and a reduced speed limit.
